Email: **victoradesola8@gmail.com**

Portfolio: https://dan-victor.netlify.app

PROFESSIONAL SUMMARY

Frontend Developer and UI/UX Designer with hands-on experience building responsive, accessible, and high-performance web applications. Proficient in modern frontend technologies including React, Next.js, TypeScript, and Tailwind CSS, with strong expertise in translating Figma designs into scalable, production-ready code.

Experienced in the full product lifecycle from user research and wireframing to development and deployment. Adept at integrating REST APIs, optimizing performance, and delivering intuitive user experiences.

Strong collaborator with a focus on clean code, accessibility (WCAG), and pixel-perfect UI implementation.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), TypeScript, React, Next.js, Tailwind CSS, Sass

UI/UX Design: Figma, Wireframing, Prototyping, Design Systems, User Flows, UX Research, Accessibility (WCAG)

Tools & Technologies: Git, GitHub, NPM, Vercel, Netlify, Contentful CMS, REST APIs

Testing & Debugging: React Testing Library, Chrome DevTools.

PROFESSIONAL EXPERIENCE

Frontend Developer & UI/UX Designer (Freelance / contract) Lagos, Nigeria | Oct 2024 – Present

- Designed wireframes, mockups, and interactive prototypes using Figma
- Built and deployed SEO-optimized, responsive web applications using React, Next.js, and Tailwind CSS
- Integrated APIs and CMS platforms (e.g., Contentful) for dynamic content management
- Improved website performance, accessibility, and user engagement
- Deployed projects on Vercel, Netlify, and GitHub Pages.

Frontend Developer (Intern) Netwalker NG (Remote) | Sep 2024 – Jan 2025

- Developed responsive web interfaces using HTML, CSS, and JavaScript, improving usability across mobile and desktop devices
- Ensured cross-browser compatibility and optimized performance for faster load times
- Integrated EMR APIs to securely display patient medical records and prescriptions
- Collaborated with backend teams to ensure seamless data flow and API consumption

Frontend Developer & UI Collaborator (Intern) Flexisaf (Remote) | Sep 2024 – Jan 2025

- Converted Figma designs into responsive React components using JavaScript and Sass
- Wrote unit tests using React Testing Library, improving code reliability
- Worked closely with designers and developers to enhance user experience and visual consistency
- Maintained reusable UI components for scalability.

PROJECTS

Portfolio: https://dan-victor.netlify.app

- Developed multiple responsive web applications showcasing React, Next.js, and UI/UX design skills
- Implemented modern UI patterns, API integrations, and performance optimizations.
